PRIORITY	ISSUE	WHAT IS HAPPENING	WHY IT MATTERS
HIGH	Elections & Political Positioning	Elections & Politics has 69 posts , including 10 directly critical of Eknath Shinde . It is also the largest concentration of negative discussion about him.	Political criticism can quickly influence his individual leadership narrative, even though overall sentiment remains strongly supportive.
HIGH	Corruption / Unverified Allegations	Corruption is the second major area of direct criticism. The report flags unverified allegations of corruption/collusion and a building scam .	These claims need early verification and response before they gain wider reach or become associated with Shinde personally.
HIGH	Threats, Abuse & High-Risk Content	5 critical and 6 high-risk posts were identified, including incitement to violence, abusive content and misinformation.	These should be separated from normal political criticism and monitored for escalation or wider circulation.
MEDIUM	Urban Services & Infrastructure Complaints	Public complaints include 3-hour travel delays, water shortages/leakages, electricity outages and road/infrastructure issues , with several posts directly tagging Shinde.	These issues directly connect to his ministerial responsibilities and can turn local service failures into a broader governance narrative.

This is his strongest public narrative and provides the main opportunity to reinforce delivery and governance achievements.
Elections & Political Positioning	69 posts discussed political activity, with 27 supportive and 10 critical of Eknath Shinde. The narrative includes his political positioning and interaction with the wider Mahayuti leadership.	Political positioning remains an important source of both support and criticism and should be watched for shifts in direct sentiment.
Employment & Jobs	26 posts discussed employment and jobs. 12 were supportive and 1 critical of Eknath Shinde, including his student-support and police-recruitment initiatives.	This gives Shinde a constructive youth and employment narrative that can strengthen public perception.
Health Services — Emerging Positive	Health Services is the emerging narrative , with 9 posts , rising during the period. 8 were supportive and none critical of Eknath Shinde .	This is the clearest new positive signal and could become a stronger public-facing governance narrative if activity continues.
Urban Mobility & Infrastructure	Roads & Transport generated 9 posts , including complaints around Kalyan–Dombivali/Mahape travel and positive discussion around metro, tunnels and elevated roads. 2 posts were critical and 3 supportive of Shinde .	Because Shinde handles Urban Development, Housing & Public Works, infrastructure performance can directly affect his individual credibility.
Public Services / Civic Complaints	Complaints included traffic, water supply, electricity and local infrastructure, including issues in Thane, Kalyan-Dombivali and Ulhasnagar.	These are lower-volume issues individually but can become direct accountability narratives because users tag Shinde and his office.
