What requires attention

PRIORITY	ISSUE	WHAT IS HAPPENING	WHY IT MATTERS
HIGH	Disha Salian / Law & Order Narrative	Law & Order generated 29 posts , including 22 directly critical of Aaditya. Multiple posts repeat serious allegations as facts, although the report classifies them as unverified claims.	This is the strongest reputational risk and needs close monitoring for further amplification, especially by high-reach accounts.
HIGH	CJP / Political Positioning Narrative	Elections & Politics generated 77 posts , with 42 critical of Aaditya. His association with the CJP protest became a major point of political criticism on 2 October.	The volume is much larger than other narratives and can shape the broader perception of Aaditya's opposition strategy.
HIGH	Misinformation & Abusive Content	5 posts were flagged as possible misinformation, while the report records 3 critical-risk and 8 high-risk posts , including targeted abuse, communal content and unverified allegations.	The key issue is not just negative sentiment but the spread and amplification of potentially false or abusive narratives around Aaditya.

01. SAGA Analysis

TOPIC	WHAT IS HAPPENING	WHY IT MATTERS
Elections & Political Positioning	The largest narrative with 77 posts . 42 were critical and 10 supportive toward Aaditya. Much of the discussion focused on his political positioning and association with the CJP protest.	This is the main driver of direct criticism and can influence how Aaditya's opposition positioning is perceived.
Law & Order	29 posts , with 22 critical toward Aaditya. Discussion was heavily negative and included allegations and controversy surrounding the Disha Salian case.	This is the strongest negative narrative after Elections & Politics and has potential to sustain reputational pressure if the issue continues circulating.
Corruption / Allegations	4 posts , including 2 critical of Aaditya, with discussion around the Mithi River controversy and other allegations.	Low volume currently, but corruption-related narratives can become more damaging if amplified by political accounts or media.
MPSC / Student Issues	Aaditya was mentioned in connection with the Pune MPSC student protest and support for students seeking action from the commission. The narrative itself was small, with 2 Education posts and no direct critical/supportive stance toward him.	This is an opportunity for constructive opposition positioning around youth and student concerns, provided the issue remains focused on policy rather than political conflict.
Public / Constituency Complaints	Direct public complaints included a request to Aaditya regarding the Phoenix Mall road in Worli , showing that some users still approach him directly on constituency-level issues.	These are lower-volume but useful signals for identifying local issues that can affect his MLA-level image.
