What requires attention

PRIORITY	ISSUE	WHAT IS HAPPENING	WHY IT MATTERS
HIGH	Elections & Political Positioning	Elections & Politics is the largest narrative at 70 posts , with 19 directly critical of Rohit Pawar . Negative discussion is concentrated around his political positioning and opposition activity.	This is the largest source of direct criticism and should be monitored for increasing intensity or wider political amplification.
HIGH	MPSC / Education Narrative	MPSC-related discussion is driving both Employment & Jobs and Education narratives. While Rohit Pawar has strong supportive visibility among some student-related posts, Education has 7 critical versus 3 supportive posts toward him.	The student movement is a high-visibility issue for Rohit Pawar. Criticism that frames his involvement as political activity could weaken the positive employment/student narrative.
HIGH	Threats, Abuse & Communal Content	3 posts fall into the critical/high-risk bands: 1 critical and 2 high. These include threats, casteist/communal language and abusive content connected to Rohit Pawar or his movement.	These should be separated from normal political criticism and monitored for escalation, wider circulation or potential impact on the broader narrative.
MEDIUM	Emerging Corruption Narrative	Corruption has grown to 7 posts , making it the fastest-growing narrative. Although only 1 post is directly critical of Rohit Pawar , the overall conversation is negative in tone.	The narrative is currently small but growing, so early monitoring can identify whether it is becoming a direct reputational issue.
MEDIUM	Unverified Claim	One post was flagged for a possible misinformation issue involving an allegation about Ajit Pawar's death while praising Rohit Pawar's investigation.	Verification is important before such claims are repeated or become associated with Rohit Pawar's political narrative.

It has 7 posts , all negative in overall tone, although stance toward Rohit Pawar is mixed with 1 critical and 2 supportive posts. Agriculture & Farmers — Positive Opportunity	Agriculture generated 4 posts . There were no critical posts and 1 supportive post toward Rohit Pawar. His own drought-related post also contributed to the discussion.	Farmer-related issues offer a constructive area for Rohit Pawar to build issue-based visibility beyond political confrontation.
